

Indo Arab Health Care

Kochi, Calicut, Perinthalmanna

We don't have a rest until you get better

Indo-Arab Health Care is an Indian company that provides better and more comfortable medical experience to citizens from different parts of the world by integrating innovative technologies, traditional values and pure goodness of nature in the field of healthcare. We are a company with ten years experience serving kozhikkode, the heart of Malabar, Perinthalmanna known as hospital City, and Kochi.

In our service system, medical branches like allopathy, ayurveda and naturopathy are conveniently equipped under one umbrella, so that the treatment options are determined by experts and experienced doctors in the respective fields considering the wellbeing and interest of the patient. The Indo-Arab Healthcare team is keen to expand its presence in the field internationally by providing high quality medical care services at affordable and fair rates to all.

Many happy clients from GCC, USA, UK and other European countries have experienced and appreciated our excellence in service, treatment methods and medical systems which are very famous in Kerala-India.

Why is treatment in India important?

India is a great country that has contributed innumerable talented scholars to the world in various branches of medicine. In India, the world's most populous country, medical graduates in various branches of medicine get adequate and legitimate opportunities for research, observation, trials and training through hundreds of high-quality government/private medical colleges and universities during and after their studies. Therefore, the presence and contribution of talented doctors from India in the field of global health care are remarkable.

Every year, tens of thousands of customers from different parts of the world come to India for the best solution to their serious health problems and return satisfied with the best treatment.

Due to diversity and abundance in this field, medical expenses in India are very low compared to other countries. Or, it means that this is the authentic place to get better medical care at a lower cost!

Ayurveda and Naturopathy

Ayurveda, which is more than 5000 years old, is a wonderful phenomenon that sets the Indian medical field apart from the rest of the world.

Taking energy from Ayurvedic traditional secrets, Naturopathy has also left a clear imprint in the field of health care and treatment.

Ayurveda and Naturopathy are preferred for yoga, meditation, lifestyle adjustments, physical and mental rejuvenation, in stark contrast to modern allopathic treatment. They help to bring the person back to their organic pure state, in harmony with the environment and nature, while providing better treatment.
